Assignment for the Interview Examination

All candidates are required to submit an initial research proposal outlining their intended research, including title, introduction, objectives, methods, expected outcome, and references. The length of an initial research proposal is between 1,000 - 1,500 words (excluding references). Please note that the current research themes of SSPO focus on 1) physical activities/sports research, 2) diabetes research, and 3) healthy-aging research in prosthetics and orthotics. Candidates could also propose a research topic of interest. The due date of an initial research proposal submission is **May 14, 2021**, to email address: simspoedu@gmail.com.
